Alexa Quick Start Guide
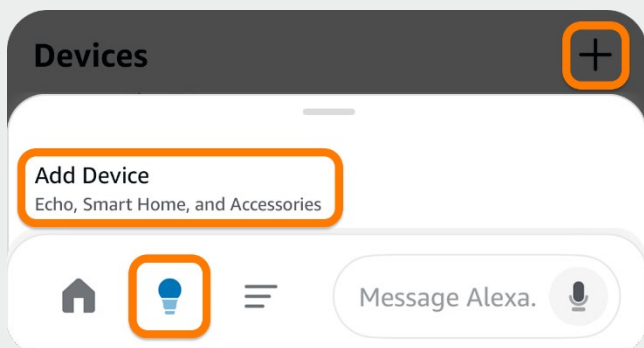

GETTING STARTED:

Before connecting to Alexa, please ensure your Pulse PRO Hub and motorized shades have been setup and are working from within the Automate Shades app.

You will also need a Matter-compatible, Alexa hub/smart speaker already linked to your Alexa account.

To control shades with Alexa, you will need the following:

1. Automate Pulse PRO Hub that has been set up.
2. Working shades within the Automate Shades app.
3. Alexa app and Amazon account.
4. A Matter-compatible hub/smart speaker set up.

1. In the **Alexa** app, open the **Devices** page and then select the **+** in the upper right corner**.** Then select **Add Device**.
