

# AUTOMATE™

## 5CH Decorator Wall RF Switch (Flush)

The contemporary designed Automate 5CH Decorator Wall RF Switch (Flush) is perfect for internal motorized commercial shade applications which simply attaches to the wall (no cut-in) for easy installation. The button design can be customized to suit specific project requirements.

### CONFIGURABLE CHANNELS

Default five channels available to control individual shade or groups of shades.

### COVER PLATE

Available with two decorative plate options, one magnetic which allows the controller to be removed and used anywhere and one fixed offering a wall switch controller.

### REMOVABLE CONTROL PANEL

The inner control can be removed and act as a hand held device if required.

### RETROFIT

Easily attaches to the wall with no wiring required.
